

GHOST HUNT

Setup Instructions

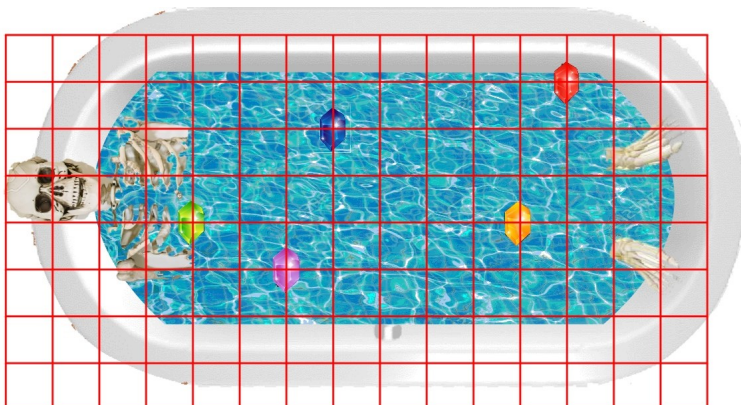

In order to take part in the Help Your Kids: Maths 'Ghost Hunt' event you will need to do all of the setup steps shown in the 'EXPRESS SETUP' section just below. If you want to add a little more atmosphere to your child's experience then you can do any of the extra setup steps from the 'FULL SETUP' section. It is honestly completely up to you what you choose to do and as long as you carry out all of the steps in the express set up then your child will get to take part in the adventure, solve all the puzzles and find the hidden clues and sweets in your home.

EXPRESS SETUP - You need to complete these to take part

- Print/copy by hand and cut out 3 Gemstones on page 2 and bundle them with some sweets. Hide these bundles in the three locations shown on Page 2
- Print/copy by hand one of the invitations on Page 4 and hand this to your child a few days before the event to let them know what is going on. At the very least they need to have a copy of one of the door clues.
- Make sure you are watching the live stream on the Help Your Kids: Maths Facebook page at 6:30PM on Friday, 29th October

FULL SETUP - Optional extra bits you can do if you want to (you can pick and choose from the steps shown below)

- **(HIGHLY RECOMMENDED)** Fill in the 'Child Information Questionnaire' on the Help Your Kids: Maths website so I can write them into the story - www.helpyourkidsmaths.com/halloween
- Print/draw the 5 ghosts on Page 3 and hide them in the locations shown
- Decorate your kitchen to make it look like some ghosts have been up to mischief in there
- Put a skeleton in your bath tub having a spooky bath along with 5 shiny coloured jewels/gems
- Decorate the parent bedroom to include 3 female ghosts wearing hats
- Have your child dress up in a Halloween costume

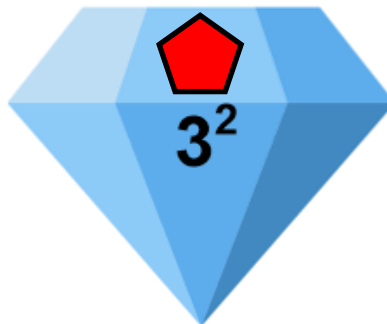

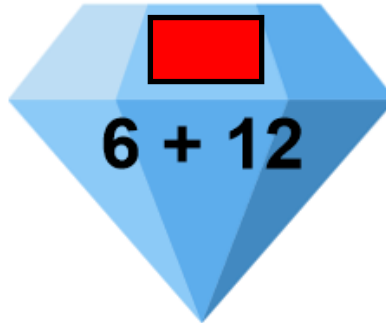

GHOST HUNT

Bundling the Gemstones and Sweets

- Cut out **3** of these gem stones (or copy your own by hand). Choose the ones with the calculations on that you think are most appropriate for your child. If you have more than one child taking part you can still just use 3 gem stones and they can solve each one together.
- Bundle each gem stone with some sweets/chocolate in a bag or envelope
- Hide a bag in each of the following places...
 - 1) In the bath
 - 2) Under a pillow in the parents' bed
 - 3) In the kitchen in one of the following places (in the same place as one of the ghosts if you are hiding these as well) - A low down cupboard, in a big pan/pot, in a frying pan or in a fruit bowl

GHOST HUNT

Ghosts in the Kitchen

Cut out the ghosts below or draw/make/buy some yourself

Hide a ghost in the kitchen in the following places...

- 1) A low down cupboard
- 2) Another low down cupboard next to the other one
- 3) In a big pan/pot
- 4) In a frying pan
- 5) In a fruit bowl

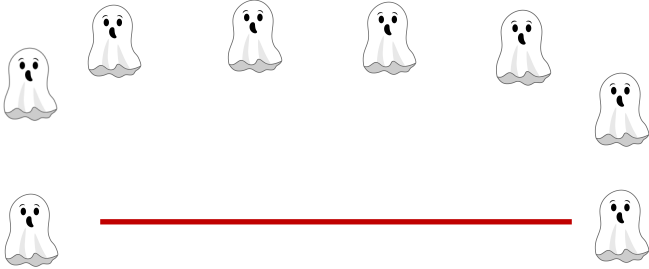

GHOST HUNT

Invitations

Print out (or write your own) one of these invitations for you child making sure the Door Clue Question is included. Try and pick a question that you think your child will be able to answer.

You are invited to a special Halloween Boat Party. I promise there will be lots of ghostly surprises and plenty of fun and games.

Please feel free to come dressed up in a spooky costume and make sure you are ready to help me catch some ghosts!

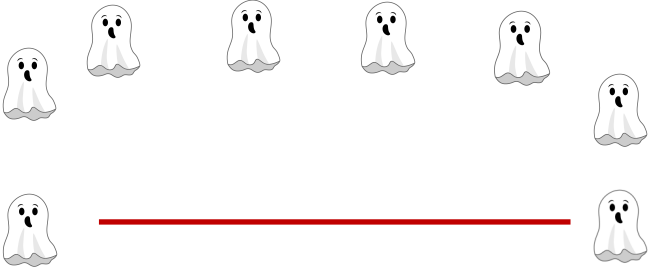

See you there!

Kubit
