Comparing Fractions

a) $\dfrac{1}{3}$ $\dfrac{1}{2}$

b) $\dfrac{1}{6}$ $\dfrac{1}{2}$

c) $\dfrac{2}{5}$ $\dfrac{3}{4}$

d) $\dfrac{2}{4}$ $\dfrac{1}{2}$

e) $\dfrac{4}{5}$ $\dfrac{4}{8}$

f) $\dfrac{3}{4}$ $\dfrac{5}{6}$

⭐ **Super Star Questions** Explain or show how you know which fraction is bigger.
Your fraction strips might not be accurate enough for these questions.

a) $\dfrac{4}{7}$ $\dfrac{5}{10}$

b) $\dfrac{9}{10}$ $\dfrac{2}{3}$

Converting to Mixed Numbers

1) $\dfrac{5}{3}$ =

2) $\dfrac{5}{2}$ =

3) $\dfrac{19}{4}$ =

4) $\dfrac{30}{4}$ =

5) $\dfrac{33}{6}$ =

6) $\dfrac{48}{7}$ =

7) $\dfrac{93}{10}$ =

8) $\dfrac{18}{3}$ =

9) $\dfrac{75}{9}$ =

⭐ **Super Star Question:** Convert these mixed numbers back to Improper **fractions**

1) $1\dfrac{3}{8}$ =

2) $2\dfrac{5}{6}$ =

3) $5\dfrac{3}{4}$ =

Among Us—Chloe's Bingo Prize Question

AMONG US **Filling the canisters**

We have $5\frac{3}{5}$ canisters left to fill	We have $\frac{28}{5}$ Canisters left to fill	If we share out all the canisters when they are full we will have $1\frac{1}{2}$ each	If we fill $2\frac{3}{5}$ More canisters we will only have 2 left to fill

Multiple BINGO

Choose your numbers and write them in the BINGO grid below.

You cannot use the same number more than once...

Multiples of 5

(any of the 1st 12)
Multiples of 6

(any of the 1st 12)

Multiples of 7

(any of the 1st 12)

POWER ANIMAL:

1 x 6

2 x 6

3 x 6

4 x 6

5 x 6

6 x 6

7 x 6

8 x 6

9 x 6

10 x 6

11 x 6

12 x 6
